

Communication Engineering and Cloud Computing Conference

Barcelona, Spain

November 18-20, 2026

2026 8th International Communication Engineering and Cloud Computing Conference (CECCC 2026) will be held in Barcelona, Spain, from November 18-20, 2026. Sponsored by University of Cantabria, Spain, the conference aims to bring together experts to share scientific insights, foster collaboration, and advance the fields through fundamental and applied research.

Communication Engineering and Cloud Computing are rapidly evolving fields driving innovation and new research opportunities. Communication Engineering focuses on designing systems for seamless data transmission, while Cloud Computing provides on-demand computing resources over the internet. Their integration has led to technologies like SDN, NFV, and Fog Computing, enhancing communication system performance and scalability.

We look forward to your participation!

CALL FOR PAPERS

via: <https://www.ceccc.org/cfp.html>

(Included but not limited)

Communication Engineering

- . Cognitive Radio and Cognitive Networks
- . High Performance Networks and Protocols
- . MEMS Technologies for Communications
- . MIMO Communications in Computer Networks
- . Network Simulation and Emulation
- . Optical Networks and Systems

Cloud Computing

- . Future Internet and Next-Generation Networking Architectures
- . Internet Measurement, Modeling, and Visualization
- . Software Defined Networks and Network Programming
- . Optical Networks to Support Cloud Computing
- . Cloud Computing and Data Center Systems

COMMITTEES

Conference Chairs

Andres Iglesias, University of Cantabria, Spain
Vladan Devedzic, University of Belgrade, Serbia

Conference Program Chairs

Cheng Siong Chin, Newcastle University in Singapore, Singapore
Guanfeng Liu, Macquarie University, Australia
Akemi Galvez, University of Cantabria, Spain

Conference Program Co-Chairs

Francesco Cauteruccio, University of Salerno, Italy
Xianzhi Wang, University of Technology Sydney, Australia
Stephan Reiff-Marganiec, University of Derby, UK
Farhan Bin Mohamed, Tecnological University of Malaysia, Malaysia

Conference Publicity Chairs

Yongfeng Ge, Victoria University, Australia
Vinod Kumar Verma, Sant Longowal Institute of Engineering and Technology, India
